BUDGET EASY SET

BDJ BUDGET EASY SET

BDJ BUDGET EASY SET This is a cost-effective and extremely versatile tool designed specifically for the construction of the final sections of FTTH networks. The device has been optimised for use with small fibre-optic cables, ensuring their safe and efficient insertion. A unique feature of this machine is that it is powered directly by a standard screwdriver, eliminating the need for dedicated motors. Its design allows for flexible operation with both smaller piston compressors and larger units with a capacity of 1 m³. Importantly, the kit already includes interchangeable rollers, meaning the equipment is ready for use straight out of the box, without incurring any additional costs.

Range:	700 m
Pipe:	7, 10, 12, 14, 16 mm
Micro-cables:	0,7 - 6 mm
