BESTSELLER

BDJ NEXT

BDJ NEXT It is an absolute bestseller on the market, designed with maximum performance and uncompromising safety in mind. The machine is fitted with the new M head, which ensures exceptionally high sealing performance and is operated entirely without tools. Its unique design, featuring precision sleeves, guides the cable continuously from the feeder right through the entire blowing chamber, eliminating the risk of the fibre being kinked and guaranteeing perfect pressure. Thanks to this well-thought-out innovation, changing the diameter of the cable being installed is incredibly simple and takes less than a minute. It is the ideal tool for professionals who refuse to compromise and prioritise maximum speed when working in the field. Two independent pneumatic motors, with a combined force of 400N, allow the cable to be blown through to a distance of 3,500 metres!

Range:	3500 m
Pipe:	7, 10, 12, 14, 16 mm
Micro-cables:	2,5 – 12 mm

PRODUCT DETAILS

- A market bestseller – a tried-and-tested, reliable design appreciated by hundreds of installers.
- The new M head – fully tool-free operation and rapid set-up.
- Maximum sealing and protection – special sleeves guide the cable through the entire chamber, protecting it from damage.
- Instant configuration – change the cable diameter in under a minute, without wasting valuable time.
- High pneumatic efficiency – a perfect seal translates into significantly greater blowing ranges.

TECHNICAL SPECIFICATIONS

Cable diameter	2,5 – 12 mm
Pipe diameter	7, 10, 12, 14, 16 mm
Max. blowing length	3500 m
Max. blowing speed	Powyżej 120 m/min
Max. operating pressure	15 bar
Machine dimensions (L×W×H)	580×300×320 mm
Machine weight	20 kg
Transport case dimensions	640×390×410 mm
Total weight of the set	33 kg

CONTENTS OF THE SET

- > Machine NEXT with M Head
- > Transport handle for the machine
- > Set of seals and sleeves
- > Set of calibration balls
- > Prelube 5000 lubricant and pneumatic oil
- > 10 m air hose
- > Microtube cutter
- > Tool kit
- > Operating instructions

COMPRESSOR

Recommended Compressor:
ATMOS PDH76 | KAESER M82A

WARRANTY AND SERVICE

We offer a standard 3-year warranty, which can be extended to 5 years. The extended warranty is subject to an annual service carried out by one of our authorised service partners.
